There are still some roles available on our PTFA. With every role and job we help each other out and you can even do some of the roles with a friend if you like. It is quite nice to have someone to take the lead in an event, under a particular role and therefore we have created the following roles to help us manage events more efficiently.

Catering Organiser: Role still available

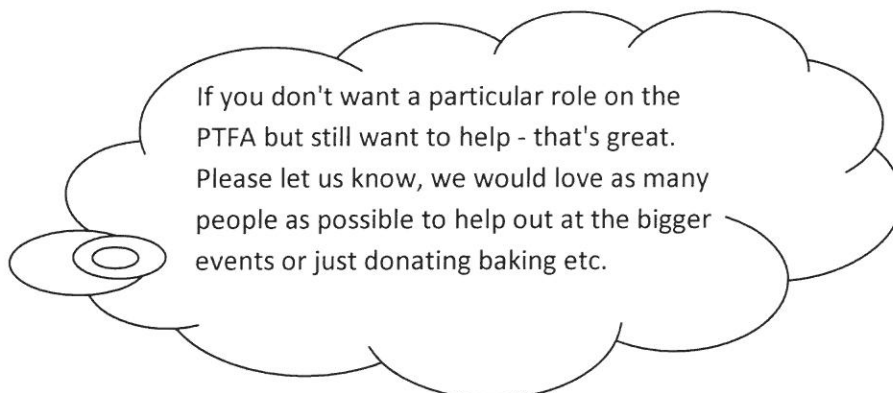

It is really useful to have someone to co-ordinate the food side of the events and all PTFA members will help.

Event's Organiser: Role still available

This role will involve creating a diary with the PTFA for the year ahead looking at different fundraising ideas we can organise.

Raffle/Tombola Organiser: Role still available

At each event we tend to have a Raffle or a Tombola this individual will organise the prizes, request donations. etc.
